

Canadian Council of Land Surveyors  
International Committee Champion's Report  
January 25, 2006

There has been no committee meeting since the last CCLS Director's meeting. I reported verbally at the last meeting that I had talked to Wayne and discussed with him expanding this committee in size and scope. I will be contacting Wayne Brubacher to arrange a meeting in the near future.

Most of the work done by this committee has focused on NAFTA and this initiative has stalled. Wayne made a presentation at the September 2005 CCLS AGM and the report is on our website. The NSPS (National Society of Professional Surveyors) considers this issue closed because of the signing of the FIG Mutual Recognition Document. There are many that disagree with this decision.

Respectfully Submitted,  
Paul Church
