

**Annual Report to the Canadian Council of Land Surveyors
From the
Association of Prince Edward Island Land Surveyors (APEILS)
2010 CCLS AGM (March 28 & 29, Regina, Saskatchewan)**

APEILS held its 41st AGM at Brackley Beach North Winds Inns & Suites June 18 & 19, 2009. It was well attended by delegates from across the country. Albert Wright, PEILS was the host of the AGM. Unfortunately, on March 16, 2010, Albert passed away unexpectedly from a brain aneurism. He will be greatly missed by the members of APEILS and others. Albert was very active in APEILS and the community.

APEILS will hold a members-only AGM during June 2010. Executive positions are held for a term of two years.

The executive of the APEILS is:
Colin Atkinson, PEILS, **President**
John Mantha, PEILS, **Vice-President**
Wayne Tremblay, PEILS, **Secretary-Treasurer**
Albert Wright, PEILS, **Past-President** (deceased)
James Banks, PEILS, **former Past-President**

The Association has 13 practicing members.

There have been no new applicants this year to the Board of Examiners.

The Province is investigating establishing a province-wide GPS VRS network with the intent to no longer maintain the 3500 (approximate) provincial survey reference control monuments.

The CPD Committee has continued to hold two seminars per year to satisfy the goals of the voluntary CPD program.

Labour mobility is progressing at a slow rate with the Province as it does not seem to be a top priority.

No complaints were received by APEILS.

Copyright is an issue, but it is being dealt with the Province by a group of surveyors in private practice.

A vote to support the transition from CCLS to PSC has not yet been conducted.

Respectfully submitted,
Colin Atkinson, CLS, P.Eng., BCLS, PEILS
CCLS Director for PEI
